"We love coming to ski & snowboard with all of you. Everyone, from management to housekeeping and all jobs in between does their absolute best to make sure our stay is comfortable and fun! Ralda & our Jamaican friends are the best! They help on the lifts, with tubing and at the lodges. They are always smiling and so sweet and kind. They are so patient with the grandkids and make them feel special. Jess, thanks so much for helping me with my boots. It made all the difference for my week of skiing. I even conquered Timberdoodle and my fear of the steeper slopes. I feel my skiing improved 100% this past week. The trails are groomed to perfection thanks to the groomers and snowmakers. Tom, Kate & Shauna thanks for your smiles and help every morning. You make checking in, getting tickets and check out a breeze! I could go on forever singing the praises of Ski Brule, but suffice it to say that we will be back next year and love the fact that it feels like family when we are with you. To all of you at Ski Brule, you are thanked from the bottom of my heart for making our vacation such a success!" ~ Eident Family
